A Special Supper
Look at what’s happening!!

I’m going to Kyiv, to the Maidan.

How can you leave your children alone?

Could you help me out, mum and dad?
We will prevail!
We will prevail!

Ukraine is united!

Long live Ukraine!

Victory!

I'm Andrey.

I'm Irina.

Finally, I can return to my family. It's been two months.

Now I can be sure that my daughter will have a better future.
A couple of weeks later...

Andrey Verin??

Irina, you here?
After some weeks in the same unit...

Irina, I want to make a special supper for my boys. Can you give me some ingredients?

A special supper, Andrey? Why special?

This is the key to the supply cupboard. Take what you need.

Take care!
Hi Palich, can you tell me how Verin is? Can you say hi from me?

Don't you know that they were taken?

Palich, is he dead? What happened? How can you seem so relaxed when you say that?

What did you expect? We are at war. And war means casualties.
Now I get it. A special supper? A last supper!

Irina, come here for a second.

I am Verin, Andrey Bogdanovich, born in 1980. I was taken prisoner and am now in hospital.
Please help to release a prisoner.

Help me to liberate a friend of mine.

...help!

I need support!

Luhansk Hospital

After several phone calls with the people involved in prisoner exchange, Irina speaks to a doctor. He worked in the hospital where the video of Andrey was recorded.
Yes... that was him, but he died yesterday. Tomorrow, he will be buried in a mass grave.

I beg you as a mother: don’t bury him. We will pay you.

Help me get his body back!

Help to bury a friend with dignity!

I need your help.

*People’s Republic Luhansk (see glossary)
Liver cirrhosis? Impossible!
He didn’t even drink.
We need to check what really caused his death.

* Death certificate: Cause of death: cirrhosis of the liver

*Independent Medical Examination

*Cause of death: multiple injuries, bone fractures, gunshot wounds.

My God, I hope this is my first and last case like this.

My dear son!
Irina, sit here, this used to be Andrey’s place.

After all you did for us, you are like family to us now, Irina.

This tablet... Andrey wanted to buy one for his daughter.

As he is not able to do that now...
